

# Adrienne Highhouse, LCSW

## Education & Training:

With over twenty years' experience in the social services field, Adrienne Highhouse has been using her skills and knowledge to effectively team with individuals and families who seek support in improving their lives.

Ms. Highhouse earned her Bachelor's degree and Master of Social Work degree from University of Southern Indiana in Evansville. She completed graduate internships and received clinical supervision in community mental health settings and hospital settings. She has been a licensed clinical social worker in Indiana since 2007. As a medical social worker, she earned advanced certification in palliative care (ACHP). She has completed training specific to crisis intervention, cognitive behavioral therapy, and somatic treatment modalities; including designation as a Certified Clinical Trauma Professional (CCTP).

## Experience:

Ms. Highhouse began her career providing care and services to adolescents with special needs in a group home setting. In the community mental health center setting, she provided mental health education, skills training and support to individuals and groups. For several years, she provided support to hospice patients and families. In Alaska, Adrienne provided support to individuals in hospital and therapy settings; including issues of crisis. After working for Indian Health Services in Montana as a contractor, she has taken the opportunity to continue to collaborate with IHS patients through Avel eCare.
